PROFILE

Enthusiastic BSc Computer Science graduate with practical experience in MERN Stack development using MongoDB, Express.js, React.js, and Node.js. Proficient in developing scalable full-stack web applications, RESTful APIs, frontend integration, and database management. Passionate about modern web technologies, problem-solving, and creating efficient user-focused digital solutions.

SKILLS

- Developed responsive full-stack web applications using the MERN Stack
- Designed and integrated RESTful APIs for efficient client-server communication
- Managed MongoDB databases, schemas, and data operations
- Performed debugging, testing, and performance optimization for web applications
- Collaborated with development teams using Git and GitHub version control
- Implemented authentication, authorization, and CRUD operations
- Assisted in frontend integration and API-based data handling workflows
- Familiar with Python programming and Android application development
- Utilize AI-powered tools to improve development productivity and workflow efficiency

EDUCATION

BSC Computer Science	2023 – 2026
University of Calicut, Thrissur	(CGPA :6.67)

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, Python, SQL, Java
- **Frameworks & Libraries:** React.js, Next.js, Node.js, Express.js, Tailwind CSS, Bootstrap, Three.js
- **Frontend:** HTML5, CSS3, JavaScript, React.js, Next.js, Tailwind CSS, Responsive Web Design
- **Databases & Cloud:** MongoDB, MySQL, Firebase, Basic Database Management
- **Backend Skills:** REST APIs, CRUD Operations, Authentication & Authorization, API Integration, Database Design, Data Handling, Debugging
- **Mobile App Development:** Android Studio, Firebase Integration, Basic Android Application Development
- **Design & UI/UX:** Figma, UI Prototyping, Wireframing, User Interface Design
- **Tools & Platforms:** VS Code, Git, GitHub, Postman, Chrome DevTools
- **Concepts:** Object-Oriented Programming (OOP), Problem Solving, Data Structures & Algorithms, Web Performance Optimization
- **Additional Skills:** AI-assisted Development, Team Collaboration, Scalable Web Application Development

PROJECTS

PetLink – Pet Adoption & Management Platform

Developed a full-stack pet adoption and management platform using the MERN Stack. Implemented features such as pet listings, user authentication, CRUD operations, image uploads, and responsive UI design for seamless user interaction.

SMS Speed Roadways – Logistics & Transport Management Website

Designed and developed a responsive business website for a logistics and transport company with modern UI/UX, service showcase sections, contact integration, and optimized performance for better online presence and accessibility.

3D Interactive Web Experience using Three.js

Created an interactive 3D web application using Three.js with immersive animations, 3D models, smooth transitions, and modern visual effects to enhance user engagement and frontend creativity.
